

LANDSCAPE ARCHITECTURE MINOR

The Landscape Architecture minor provides an overview of the profession, an introduction to environmental and cultural issues, and to design, planning, and management theory and applications. This minor does not qualify a student for practice or for professional licensure.

About this Program

- **College:** Design, Construction and Planning (<http://catalog.ufl.edu/UGRD/colleges-schools/UGDCP/>)
- **Credits:** 15 | Completed with minimum grades of C

Department Information

The Department of Landscape Architecture is dedicated to inspiring students and transforming lives through stewardship, planning, and design of natural and built environments. Rooted in the traditions of landscape architecture, the program explores innovative and impactful solutions to create a more sustainable, healthy, and just world. Through research, education, and service-learning, students engage with pressing societal challenges, develop critical skills, and contribute to communities in Florida, the region, and beyond.

Curriculum

- Combination Degrees
- Landscape Architecture Minor
- Landscape Architecture | 4-Year Professional Program

To help chart coursework, application to the minor should be made as soon as possible after the student has been admitted to an upper-division college. To be considered, students must have a minimum 2.5 GPA.

Of the 15-credit minimum requirement, six credits are required. The remaining credits can be based on interests and background. Students with design, construction, engineering or other technical backgrounds may participate in design and/or construction studios in addition to lecture courses. Acceptance into studio courses is granted with instructor permission, if space is available.

Additional courses in the professional design and construction sequences and in graduate seminars may be possible for students with specialized backgrounds such as other design fields, building construction or engineering. The instructor's permission is required to take courses other than those listed below.

Required Courses

Code	Title	Credits
LAA 1330	Site Analysis	3
LAA 1920 or LAA 2710	Introduction to Landscape Architecture History of Landscape Architecture	3
Approved electives		9
Total Credits		15

Approved Electives

Code	Title	Credits
LAA 2376C	Design Communications 1 ¹	3
LAA 3230	Theories of Landscape Architecture	3
LAA 4210	Landscape Architecture Professional Practice	3
LAA 4532	Landscape Ecology and Management	3
LAA 4905	Special Studies in Landscape Architecture	1-6
LAA 6382	Ecological and Environmental Policy	3

¹ Prereq: previous computer experience, permission of instructor and space availability.
