

BACHELOR OF ARTS

Statistics, the science of learning from data, has become increasingly important as scientists, businesses, and governments rely more and more on data-driven decision-making. Statisticians work in many areas, including business, economics, medicine, epidemiology, agriculture, environmental sciences, sports, and all aspects of government. With the increasing digitization and networking of society, data have become ever more ubiquitous, further expanding the demand for statisticians and their expertise in the collection and analysis of data.

About this Program

- **College:** Liberal Arts and Sciences (<http://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/>)
- **Degrees:** Bachelor of Arts (p. 1) | Bachelor of Science (http://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/STA_BA_BS/STA_BS/)
- **Credits for Degree:** 120
- **Contact:** Email (dathien@stat.ufl.edu?Subject=Statistics%20Major)
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The mission of the Department of Statistics is to provide its students with a fundamental understanding of statistical reasoning and methodology, to train them to apply this knowledge to the collection and analysis of data, and to prepare them for careers in a highly technological society in which science and decision-making are increasingly driven by a rapid expansion in the quantity and availability of data.

Curriculum

- Actuarial Science Minor
- Combination Degrees
- Data Analytics Certificate
- Data Science
- Statistics
- Statistics Minor

Statistics majors learn how to design studies that effectively address the purpose of a research project and how to properly analyze the data collected in such studies. Core courses cover statistical methods applicable in a wide variety of settings (e.g., regression and design of experiments) as well as the conceptual and mathematical foundations of statistics. Other courses explore specific data types often encountered in practical settings. Statistics majors have the option to minor in actuarial science, a profession involving the statistical and financial practices of insurance.

Students who wish to major in Statistics must consult a department advisor early in their programs.

Requirements for the Major

The BA in Statistics requires a minimum of 12 credits of foundation coursework, 21 credits of core coursework, and 9 credits of major electives for a minimum of 42 credits in statistics and related coursework. It is important that the prerequisites for each course are met before the course is attempted. The BA is intended for students who wish to pursue a career in the field of statistics or to teach statistics at the secondary-school level, but who do not currently contemplate graduate study in statistics.

Students must receive minimum grades of C within two attempts (including withdrawals) in every required core course and in every course counted toward the 9-credit major elective requirement. Students cannot retake foundation, core, or statistics elective courses after earning a minimum grade of C. It is important that the prerequisites for each course are met before the course is attempted.

A minimum GPA of 2.0 must be achieved on all attempts of core and major elective course. The grades from all attempts to satisfy foundation and core requirements will be used to compute the minimum GPA.

A minimum of 18 credits of major coursework must be taken at UF, including a minimum of 12 credits of core coursework.

Required Foundation Coursework

Code	Title	Credits
Select one:		12
MAC 2311 & MAC 2312 & MAC 2313	Analytic Geometry and Calculus 1 and Analytic Geometry and Calculus 2 and Analytic Geometry and Calculus 3	
MAC 3472 & MAC 3473 & MAC 3474	Honors Calculus 1 and Honors Calculus 2 and Honors Calculus 3	
Core Courses		
STA 3100	Programming With Data in R	3
STA 4210	Regression Analysis ¹	3
STA 4211	Design of Experiments ^{1,2,4}	3
STA 4321	Introduction to Probability ¹	3
STA 4322	Introduction to Statistics Theory ^{1,3}	3
STA 4504	Categorical Data Analysis	3
Select one:		3-4
MAS 3114	Computational Linear Algebra	
MAS 4105	Linear Algebra 1	
Statistics BA Major Electives		
Select two:		6
STA 4222	Sample Survey Design	
STA 4241	Statistical Learning in R	
STA 4273	Statistical Computing in R	
STA 4502	Nonparametric Statistical Methods	
STA 4702	Multivariate Statistical Methods	
STA 4712	Introduction to Survival Analysis	
STA 4821 or MAP 4102	Stochastic Processes Probability Theory and Stochastic Processes 2	
STA 4853	Introduction to Time Series and Forecasting	
STA 4930	Special Topics	
STA 4956	Overseas Studies	
Statistics BA Math Elective		
Select one:		3-4
COT 4501	Numerical Analysis: a Computational Approach	
ESI 3312	Operations Research 1	
MAA 4102	Introduction to Real Analysis 1	
MAA 4211	Real Analysis and Advanced Calculus 1	
MAA 4402	Functions of a Complex Variable	
MAD 4401	Introduction to Numerical Analysis	
MAS 4105	Linear Algebra 1	
MAS 4115	Linear Algebra for Data Science	
MHF 4102	Elements of Set Theory	
Total Credits		42-44

¹ The course sequences, STA 4210-STA 4211 and STA 4321-STA 4322 should be completed by the end of the junior year.

² Prerequisite: STA 4210.

³ Prerequisite: STA 4321.

⁴ Students pursuing the major must enroll in the restricted to STA majors only section of STA 4211.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

Semester 1

- 2.0 UF GPA required

Semester 2

- Complete MAC 1147 or higher-level calculus
- 2.0 UF GPA required

Semester 3

- Complete MAC 2311
- 2.0 UF GPA required

Semester 4

- Complete MAC 2312 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5

- Complete MAC 2313 and STA 3100 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 6

- Complete (MAS 3114 or MAS 4105) and STA 4210 and STA 4321
- 2.0 UF GPA required

Semester 7

- Complete STA 4211 and STA 4322
- 2.0 UF GPA required

Semester 8

- Complete STA 4504 and all remaining Statistics and Math and Sciences electives
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the Writing, Civic Literacy, summer enrollment, and Quest requirements while in the process of taking the courses below. Students are also expected to complete the General Education International (GE-N) requirements concurrently with another General Education requirement (typically, GE-C, H, or S) as part of the CLAS Basic Distribution requirements. One of the two general education mathematics courses must be a pure math course.

College of Liberal Arts and Sciences allows students additional flexibility in its Distribution Requirements. Students may count a maximum of 6 credits TOTAL from the CLAS Distribution course lists towards Humanities, Social and Behavioral Sciences, or Biological and Physical Sciences, with no more than 3 credits of Humanities, 3 credits of Social and Behavioral Sciences, or 6 credits of Biological or Physical Sciences.

The full list of major-specific requirements for this major can be found on the Overview tab. College of Liberal Arts and Sciences degree requirements can be found on the college's degree requirements page (<https://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/#degree requirementstext>).

MAC 2312, MAC 2313, MAS 4105, and the math elective outside of Statistics may count towards 3000-level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Course	Title	Credits
Semester One		
Quest 1		3
MAC 2311	Analytic Geometry and Calculus 1 (Critical Tracking ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Biological or Physical Sciences (http://catalog.ufl.edu/UGRD/academic-programs/general-education/#genedcoursestext)		3

State Core Gen Ed Composition (http://catalog.ufl.edu/UGRD/academic-programs/general-education/#genedcoursestext); Writing Requirement	3
Natural Science Laboratory ¹	1
Credits	14
Semester Two	
MAC 2312 Analytic Geometry and Calculus 2 (Critical Tracking ; Gen Ed Mathematics)	4
STA 2023 Introduction to Statistics 1 (Critical Tracking ; Gen Ed Mathematics) or STA 3032 or Engineering Statistics	3
State Core Gen Ed Humanities (http://catalog.ufl.edu/UGRD/academic-programs/general-education/#genedcoursestext)	3
State Core Gen Ed Social and Behavioral Sciences (http://catalog.ufl.edu/UGRD/academic-programs/general-education/#genedcoursestext)	3
Gen Ed Biological or Physical Sciences area not taken in semester one)	3
Credits	16
Semester Three	
Quest 2	3
MAC 2313 Analytic Geometry and Calculus 3 (Critical Tracking ; Gen Ed Mathematics)	4
STA 3100 Programming With Data in R (Critical Tracking)	3
CLAS Foreign Language Proficiency Requirement ²	4-5
Elective	3
Credits	17-18
Semester Four	
MAS 3114 Computational Linear Algebra (Critical Tracking)	3
Gen Ed Humanities	3
Gen Ed Social and Behavioral Sciences	3
CLAS Foreign Language Proficiency Requirement ²	3-5
Credits	12-14
Semester Five	
STA 4210 Regression Analysis (Critical Tracking)	3
STA 4321 Introduction to Probability (Critical Tracking)	3
Gen Ed Physical Sciences	3
Gen Ed Social and Behavioral Sciences	3
Elective (or CLAS Foreign Language Proficiency Requirement if 3-4-3 option) ²	3
Credits	15
Semester Six	
STA 4211 Design of Experiments (Critical Tracking)	3
STA 4322 Introduction to Statistics Theory (Critical Tracking)	3
Gen Ed Biological Sciences	3
Gen Ed Composition; Writing Requirement	3
Gen Ed Humanities	3
Credits	15
Semester Seven	
STA 4504 Categorical Data Analysis (Critical Tracking)	3
STA elective (Critical Tracking)	3
Electives (3000 level or above, not in major)	7
Elective	3
Credits	16
Semester Eight	
Math and science elective (Critical Tracking)	3
STA elective (Critical Tracking)	3
Electives	9
Credits	15
Total Credits	120

¹ Degree Requirements (<https://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/#degree requirementstext>)

² CLAS Foreign Language Proficiency Requirement (<https://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/#degree requirementstext>)

Academic Learning Compact

The Statistics major enables students to achieve proficiency in the fundamentals of statistical reasoning. Through study of both theoretical and applied statistics and through data analysis projects, students will gain knowledge in problem solving, statistical applications and data-based inferences. Emphasis is on developing the ability to approach real world problems and through the use of statistical methods to be able to analyze and to draw valid scientific inferences.

Before Graduating Students Must

- Complete an exam on the fundamentals of statistics, which will be 5% of the grade in STA 4211.
- Complete a data analysis project, which will be 10% of the grade in STA 4211.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes | SLOs

Content

1. Identify, define, and describe concepts and issues in statistics, including those involved in designing a statistical study, in statistical estimation and in tests of hypotheses.

Critical Thinking

2. Identify sources of variability in a given problem setting and formulate an appropriate statistical analysis.

Communication

3. Clearly and effectively present ideas in speech and in writing concerning statistical issues and analyses of data.

Curriculum Map

I = Introduced; R = Reinforced; A = Assessed

Courses	SLO 1	SLO 2	SLO 3
STA 4210	I	I	I
STA 4211	A	A	A
STA 4222	R	R	R
STA 4321	I
