

HEALTH ADMINISTRATION MINOR

Health care facilities need managers with skills in management, information technology, economics, and leadership to effectively work with clinicians and administrators to successfully run healthcare facilities. The Healthcare Administration minor teaches students the fundamentals of health administration in preparation for a career or advanced degree in the health industry.

About this Program

- **College:** Public Health and Health Professions (<http://catalog.ufl.edu/UGRD/colleges-schools/UGPBH/>)
- **Credits:** 15 | Completed with minimum grades of C

Department Information

The Department of Health Services Research, Management and Policy prepares highly qualified and motivated students to become effective managers and leaders of health care and public health organizations. Students in this department often serve as active participants and leaders at the University of Florida, as well as in the professional and health services communities after graduation.
