- Combination Degrees
- Urban and Regional Planning Minor

Courses

DCP 4000 Overview of Historic Preservation 3 Credits

Grading Scheme: Letter Grade

Overview of historic preservation and its relationship to historic communities. The course covers terminology, theory, legal, design, social issues and community assessments.

Prerequisite: junior standing or higher.

URP 1002 This Must Be the Place 3 Credits

Grading Scheme: Letter Grade

Through a multidisciplinary framework of art, music, history, city planning, urban design, and storytelling, course seeks to address two fundamental questions: 1) How does place work to construct individual and collective identities? and 2) How do collective identities, as expressed through place-based narratives, function to empower and unite communities?

Attributes: Quest 1

URP 2001 Comparative Urbanization 3 Credits

Grading Scheme: Letter Grade

Comparative case studies of contemporary cities in the US and a series of foreign countries, both industrialized and developing will be covered. Special consideration is given to energy consumption.

Attributes: General Education - International, General Education - Social Science

URP 4000 Preview of Urban and Regional Planning 3 Credits

Grading Scheme: Letter Grade

Overview of the comprehensive planning process for those considering a career in urban and regional planning or pursuing studies where some knowledge of the planning process is desirable.

Prerequisite: junior status or higher.

URP 4230 3D Modeling, Visualization, and Simulation 3 Credits

Grading Scheme: Letter Grade

Introduces a variety of methods and techniques to interactively model and visualize physical urban environments in two, three, and four dimensions through a hands-on approach using computer software.

Prerequisite: DCP 2002 or instructor permission.

URP 4273 Survey of Planning Information Systems 3 Credits

Grading Scheme: Letter Grade

Introduces concepts and theories associated with Geographic Information Systems (GIS) as related to urban and environmental planning. Requires lectures, class assignments, and homework assignments.

Prerequisite: junior status or higher.

URP 4283 Automation for Geospatial Modeling and Analysis 3 Credits

Grading Scheme: Letter Grade

Covers methods and techniques for automating geospatial modeling and analysis for planning and built environment by using visual models, computer programming, and custom-built applications and tools that utilize Geographic Information Systems (GIS) technology in the context of planning information systems.

Prerequisite: Junior standing or higher.

Attributes: Artificial Intelligence

URP 4640 Sustainable Urbanism in Europe 3 Credits

Grading Scheme: Letter Grade

Explores the diverse urban places that make up modern Europe, its historic development since the pre-industrial city, challenges and accomplishments of urbanization in Europe in recent decades and current accomplishments in achieving sustainable development.

Prerequisite: Junior standing or higher.

URP 4740 Housing and Urban Development 3 Credits

Grading Scheme: Letter Grade

Concepts and theories about the economics of the housing market, land development and home building process, and the growth of cities.

Prerequisite: junior status or higher.

URP 4744 Neighborhood Planning 3 Credits

Grading Scheme: Letter Grade

An overview of the neighborhood planning process situated within the larger city planning framework.

Prerequisite: URP 4000.

URP 4804 International Perspectives in Urban and Regional Planning 3 Credits

Grading Scheme: Letter Grade

Presents contemporary global and critical issues in urban and regional planning by carefully selecting critical topics such as inequality, immigration, and segregation, as well as case studies from around the world. Also encourages the evaluation and development of different strategies and corrective courses of action.

Prerequisite: junior status or higher.

URP 4882 Defensible Space and CPTED in Urban Design 3 Credits

Grading Scheme: Letter Grade

Explore the history, theory, application, and possibilities associated with crime prevention planning. Investigate theories and strategies in the planner's toolkit and how police, planning, and other agencies interact to implement them. Also focuses on real-world applications and students will visit sites that offer teaching and research opportunities.

Prerequisite: junior status or higher.

URP 4905 Exploration and Directed Study 1-3 Credits

Grading Scheme: Letter Grade

Exploration and directed study.

Prerequisite: junior status or higher.

URP 4930 Special Topics 3 Credits

Grading Scheme: Letter Grade

Variable topics; lecture, studio, and seminar explore current issues in urban planning

Prerequisite: junior standing or higher.

URP 4942 Community Service 3 Credits

Grading Scheme: S/U

Provides an opportunity to work directly with a community service agency. Public sector agencies, such as a city or county office and nonprofit organizations, qualify as community service agencies. In lieu of meeting in a classroom, students will be placed in a community service agency and will work as volunteers for a minimum of 60 hours during the academic semester.

Prerequisite: URP 3001 or URP 4000.
